**FEDERAL RESERVE  
ACT WILL AID  
STABILITY OF  
SECURITIES**

Authorities on Economics De-  
clare in Chicago Meeting  
that Interest Rates will  
Fall.

**SECURITY VALUES WILL  
BECOME MORE STABLE**

Will Open a New Field for  
Commercial Paper Houses in  
Dealing in Bank Re-Dis-  
counts.

(By Special Wire to Evening Herald.)  
Chicago, March 14.—Facts of dis-  
count and interest rates as a result to  
be expected from the operation of the  
federal reserve act were predicted to-  
day by addresses before the closing  
session of the Western Economic As-  
sociation's currency conference. Security  
values will be more stable. It was re-  
ported by William Adams Scott of the  
University of Wisconsin. The pro-  
vision which leaves details of the ad-  
ministration of the act to the federal  
reserve board was said to be wise by  
O. M. Sprague of Stamford.

"One of the first and most impor-  
tant duties of the board will be to de-  
termine the character of the paper  
which the reserve will discount for  
member banks," said Prof. Sprague.  
"Commercial loans upon stocks or bonds  
as security are explicitly excluded,  
while commercial paper, whatever its  
form, is eligible."

The effect of the new law on com-  
mercial paper houses will be most  
only a change in the form and not  
the nature of the business, it was  
stated by Robert C. Schaffner of Chi-  
cago. Mr. Schaffner said it was likely  
that the new law would open a new  
field for the commercial paper houses,  
mainly that of dealing in bank dis-  
counts.

**FAIR DEMAND IN  
LONDON WOOL MARKET**

(By Special Wire to Evening Herald.)  
London, March 14.—There was a  
fair demand for the 15,000 bales of  
wool in the wool sales today. The  
best grades of mutton were firm but  
most other wools were firmer and  
about five per cent below the first.

Boston, March 14.—The local Boston  
employees of Henry Siegel and Company  
were made happy today by the  
announcement that through a re-  
arrangement of the sale of the busi-  
ness stock of the trustees another com-  
pany would continue the business and  
retain their services.

Mrs. Baker So Weak—Could  
Not Do Her Work—Found  
Relief In Novel Way.

Adrian, Mich.—"I suffered terribly  
with female weakness and backache and  
got so weak that I could hardly do my  
work. When I washed my dishes I  
had to sit down and when I would sweep  
the floor I would get so weak that I would  
have to get a drink every few minutes, and  
before I did my dusting I would have  
to lie down. I got so poorly that my folks thought I was  
going into consumption. One day I  
found a piece of paper blowing around  
the yard and I picked it up and read it. It  
said 'Saved from the Grave,' and  
told what Lydia E. Pinkham's Vegetable  
Compound has done for women. I showed it to my husband and he said,  
'Why don't you try it?' So I did, and  
after I lay down on two bottles I felt  
better and I said to my husband, 'I don't  
need any more,' and he said 'You had  
better take it a little longer anyway.'  
So I took it for three months and got  
well and strong."—Mrs. ALONZO E.  
BAKER, 67 Teeswater St., Adrian, Mich.

**NOT WELL ENOUGH TO WORK.**

In these words is hidden the tragedy  
of many a woman, house-keeper or wage  
earner who supports herself and is often  
helping to support a family, on meager  
wages. Whether in house, office, fac-  
tory, shop, store or kitchen, woman  
should remember that there is one tried  
and true remedy for the ill to which all  
women are prone, and that is Lydia E.  
Pinkham's Vegetable Compound. It  
promotes that vigor which makes work  
easy. The Lydia E. Pinkham Medicines

Taos national forests at Santa Fe  
today. Mr. Johnson states that his of-  
fice thus far has issued and approved  
six hundred permits for grazing for  
the season which opens April 1st, the  
permits covering more than a million  
and a half acres in the two forests.

The rainfall in the two forests has  
been light this year. Mr. Johnson says  
although the smoke is evident in the  
smoke reaches of both the Jemez and  
the Taos ranges.

**ATTORNEY GENERAL  
APPEALS SANTA FE  
WATER CASE**

Purpose is to Secure a Law  
Defining Bribery and Pro-  
viding for its Punishment.

**SPECIAL DISPATCH TO EVENING HERALD.**

Santa Fe, N. M., March 14.—At-  
torney General Clancy today gave  
notice of appeal to the state supreme  
court from the decision of District  
Court E. C. Abbott last week in which  
the court sustained the demurrers to  
indictments against Nathan Salmon,  
the well known merchant, George At-  
kinson, and others, returned in con-  
nection with charges of bribery in  
the Santa Fe water franchise matter.

The court in sustaining the demur-  
mers based his decision on the  
ground that there is no specific law  
on our statute books defining bribery  
and providing its punishment.

Fare and a Half for the Round  
Trip from all Nearby Towns

**MISSISSIPPI MAN

THE GREAT RIVER**

Special excursion rates have been  
granted by the Santa Fe railway for  
Sunday, March 28, to March 29, when the  
Sells-Floto shows and Buffalo Bill  
will come to town. From Santa  
Fe, Willard, Gallup and Socorro and  
points between, the rate to Albuquerque  
will be a fare and a half for the  
round trip. Coming in the rate will  
be good March 27 and 28 and good  
going out March 28 and 29.

In a letter to Secretary Egan of  
the Commercial Club, Harold Bush,  
traffic manager of the circus, suggests  
that the merchants make spe-  
cial effort to draw people to town  
and make it a big day for business.

It is pointed out that the special fare  
with the twenty-five cent admission  
fee at the circus should be partic-  
ularly attractive to out of town people.

The circus is advertising widely  
in the towns that benefit from the  
special rate.

**PERSONALS**

E. C. Ross, the well-known entomologist,  
returned last night from a business  
trip to Santa Fe. He expects to  
leave tonight for his Siesta coun-  
try ranch.

Major Sellers got a letter today  
from E. C. Kennedy, writing from  
the Remickvander Hotel, San Diego,  
that indicates Albuquerque is about to  
receive a visit from a party of  
travelers and tourists. Mr. Ken-  
nedy, after asking about the climate,  
the range of temperature, route and  
other facts, says he is heading a party  
of tourists, "some of whom have ex-  
pressed a desire to leave San Diego  
and pay your part of the country a  
long visit."

Leviss, he said, always will be fa-  
vorable against bonds, as their fluctua-  
tions are always sandy, and the  
services were conducted by the Rev. J. H. Jewett, pastor of the church, and by the Rev. S. J. Fisher of Pittsburgh, whose friendship with the jeweler dated from the time when they were poor boys, making

**APACHE COUNTY IS  
IN FAVOR OF BIG  
BOND ISSUE**

Ready to Vote \$125,000 Bonds  
to Aid in Building Ocean-to-  
Ocean Highway Across  
Country.

Gustavo Becker, of Springerville,  
Ariz., a good roads booster, who  
keeps Major Sellers, who is president  
of the Ocean-to-Ocean Highway as-  
sociation, posted on the condition of  
highways in his neighborhood  
and the progress of good roads "act."  
He has written the mayor that an effort  
is being made to have a bond issue  
of \$125,000 passed for road work in  
Apache county. He thinks the issue  
will be voted.

Writing of the road between  
Springerville and Globe, Mr. Becker  
says that for 20 miles between the  
former place and White River the  
thoroughfare is muddy and not fit  
for tourist travel. He thinks it will  
be passable in a short time, however,  
if storms do not come up.

Mr. Becker calls attention to the  
fact that a map sent him shows the  
Ocean-to-Ocean route as going from  
Springerville to south of Clifton and  
Doux to Globe instead of by way of  
Fort Apache, as agreed on at a recent  
conference. He urges the mayor  
to destroy all those maps.

Major Sellers says Mr. Becker got  
a map printed from an old cut, and  
that no more of them are going out.

**CARS LEAVE GARAGE AT

Commencing Sunday morning the  
Butler Auto Co. will inaugurate a  
daily automobile passenger service  
between Albuquerque and Santa Fe.  
Cars will leave the Butler Auto Co.  
garage at the corner of Fifth and  
Copper every morning at 7 o'clock  
and will arrive at Santa Fe at 11  
o'clock. On the return trip the cars  
will leave Santa Fe at 3 p. m. and  
will arrive at Albuquerque at 7 p. m.  
This is an experiment on our  
part," said Mr. Butler today. "We  
are going to put on a rate of \$1.00  
for one way or \$7.50 for the round  
trip round trip tickets being good  
for ten days only. This rate we will  
have a very small margin of profit if the cars go filled with pas-  
sengers every trip. If the traffic  
justifies we will keep the service up  
indefinitely. On the other hand, if  
there should not be daily fares  
enough to cover the cost, the service  
will have to be discontinued. As this  
automobile service will be very con-  
venient for people having business in  
the capital and will give pleasure-  
seekers an ideal trip, we are hopeful  
that there will be sufficient travel  
over the automobile line to keep it  
going. It will be a beautiful trip  
and with the exception of eight or  
ten miles the roads are excellent.  
Should the travel justify we will put  
on a double daily service and start  
cars from both ends of the line.

**HUNDRED THOUSAND  
LAY DOWN TOOLS TO  
HONOR WESTINGHOUSE**

New York, March 14.—One hundred  
thousand men and women dropped  
their tools today as a tribute to  
George Westinghouse, whose genius  
gave them the means of livelihood.

The great inventor of the air-brake  
was buried here today while machine  
parts stood idle in a dozen factories in  
America and Europe. Twenty-five  
thousand Westinghouse employees laid  
aside their tools in Pittsburgh alone.

The funeral services were held at  
the Fifth avenue Presbyterian church

and the burial was at Woodlawn cem-  
etery.

The services were conducted by the  
Rev. J. H. Jewett, pastor of the church, and by the Rev. S. J. Fisher of Pittsburgh, whose friendship with the jeweler dated from the time when they were poor boys, making

the circuit already complete but  
not yet ready for commercial  
service; new composite cable installed.

Believed that \$100 a month  
for next mayor will be  
voted at meeting Monday  
night.

As nearly as can be learned a ma-  
jority of the members of the city  
council have agreed to vote through  
an ordinance at the regular meeting

Monday night giving the mayor of  
Albuquerque \$100 a month. The  
proposed \$20 salary has but two sup-  
porters and these, it is understood,  
have agreed to stand for a compromise  
at \$100, effective on April 15, when the new mayor takes office.

**DEMOCRATIC COMMITTEE MONDAY.**

Although Chairman Louis A. Mc-  
Rae of the Democratic city committee  
is out of town today, it is learned  
that he will call a meeting of the  
Democratic city committee for Mon-  
day afternoon at which time it is pro-  
posed to fix time and place for holding  
the Democratic primaries and con-  
vention.

It is now understood that the  
Democratic primaries will be called  
for Thursday, the 19th, although this  
will rest finally with the committee  
when it meets next week.

**CLEAN-UP COMMITTEE  
WILL MEET TONIGHT**

The date of the clean-up of alleys  
and yards ordered by the council at  
its last meeting will probably be fixed  
tonight by the committee appointed  
to arrange for it. The commit-  
tee will meet at City Attorney John  
C. Lewis' office. Councilman S. B.  
Coen is chairman of the body, and  
Councilman George Thomas and Mr.  
Lewis are the other members.

**"NEW IDEA DAY" A  
SUCCESS**

Newcomer Art Shop Thronged  
this Afternoon with Albu-  
querque Women Interested  
in Fine Needlework.

The Newcomer Art Shop on West  
Central avenue has been headquarters  
for the hundreds of Albuquerque  
women who are interested in fine  
needlework, the occasion being a  
"New Idea" exhibit of fancywork  
loaned for the occasion by local people.

The showing made was extra-  
ordinary, both in quality and quantity,  
and it is a fair guess that the Art  
Shop will be crowded again this even-  
ing with lovers of fancywork.

For the benefit of Albuquerque women  
who may not have been able to  
see the exhibit today, Mrs. Newcomer  
has arranged to keep the display in  
place during all of Monday.
